I think a vet would be my dream job because it is challenging and I like animals very much.

A vet works in an animal hospital. When a vet sees the animals, he will check their health condition and treat them. A vet needs to be very calm, trustworthy and concentrated when he works. A vet also needs to have ample time to sleep.

If I want to be a vet, I need to study hard from now on. I also need to know the physical structure of animals in depth and learn to protect and love them.

If I am a vet, I will feel excited and satisfied because being a vet is a meaningful job and great form of art too. I know a famous vet, Yannie Yip. She loves animals very much and always adopts stray cats and dogs.

I want to be a conscientious vet just like her.

### Don Bosco Singing Contest

Last Friday, our school held the Don Bosco singing contest in the school hall. My friend, Samson joined this contest. He sang songs excitedly. The students enjoyed the show very much. They watched the show cheerfully.

There was a lot of audience under the stage. They were shouting loudly because Samson sang songs very well. They played with some glowing sticks. I thought the show was very perfect, too. It was enjoyable.

When students were playing with the glowing sticks, a girl threw out a glowing stick carelessly. She was very worried, nervous and ashamed.

Suddenly, another girl threw a wand at Samson's head. Thus his head was hurt. He felt upset and painful. But he did not stop singing. Finally, Samson's parents took him to the hospital. They were very anxious. If Samson threw something back to the cheer squads with fury, he would hurt some people. Samson reacted well because he was very calm.

The annual singing contest was a huge success! Students got the opportunity to perform as a class to their favourite English song. We could all see how hard the students and teachers worked to train students to sing and dance together while having fun.

The performances were creative and colourful and some of the students' dance moves really wowed the audience and made us laugh. Students shared religious songs as well as popular pop songs. This is becoming an event we all look forward to at the end of the year.
