## Message from Principal Wong

I am very humbled and honored to introduce myself as the new principal of Salesian Yip Hon Millennium Primary School and to join this excellent Salesian family. I can assure you that I am prepared to share in this school's dedication to caring for our students every day while providing them with a meaningful and loving learning environment.

I am reminded of the enormous responsibility I have been given to lead the school to start another phase of development. I'm committed to continue upholding a well-rounded education with Jesus Christ and St. John Bosco as the guides for moral, academic, physical, social, aesthetic and spiritual development.

I firmly believe that every child can succeed and that the cooperation between home and school builds trust and self-esteem in students. St. John Bosco has told us that, "In every young person, a point of goodness is accessible and it is the primary duty of the educator to discover that sensitive chord of the heart so as to draw out the best in the young person." So our students can use their highest potential to shape their future and the future of our community. With my goal of advancing the culture of excellence here at Salesian Yip Hon Millennium Primary School, I am devoted to continually exploring new ideas to meet the needs of all students and to interact with parents and other stakeholders more effectively. Education is a partnership between the school and the home, and we are fully invested in partnering with families to make sure each child reaches their full potential.

To our students, I cannot wait to see you all! I hope that you are excited for this coming school year. It is going to be a meaningful and fun year. We will be learning together to achieve the highest accomplishments.

To conclude, please remember that my door is always open to you. I sincerely welcome your feedback and input during this year.

### 4B Chung Ho Ting Kyle **In the Cake Shop**

Today is Mum's birthday so I go to Lee's Cake Shop. In the cake shop, I see there are three birthday cakes. They are a chestnut cake, a chocolate cake and a mango cake.

Then, I am very annoyed because she says, 'I like chocolate cake but I also like mango cake.' I don't know whether to buy chocolate cake or mango cake! At this time, the staff told me that the mango cake is the most popular, but it is the second for taste. Then he says the chocolate cake is the most delicious, but it is the second for popularity. The chestnut cake is the most expensive, but it is the third for popularity and taste.

Finally, I decide to buy chocolate cake and mango cake because they are the most popular and delicious.

**A Presentation about a Famous Person**

Good evening. Today I'm going to talk about a famous person, BTS' Park Jimin.

He is famous because he is a singer, vlogger, dancer, a member of BTS and my BIAS(Idol).

Jimin was born on 13 October, 1995 in Busan. He is 25 years old now.

Jimin has done these jobs for many years and he's still doing them now!

He has been a singer since 13 June, 2013, which is the day after my birthday! This is why he's my idol. He started being a dancer and vlogger ten years ago.

Jimin and other BTS members won tons of awards, for example, American Music Awards: Favourite Social Artist, Favourite Duo or Group Pop/Rock, Tour of the year, Best Artist Award - music, Album of the year - 2nd Quarter, Song of the year - April and many more.

From Jimin, I have learnt that failure is the mother of success and I should love what I do.

I hope you liked my presentation about BTS' Jimin. Thank you for your time.

### What I Want to Be When I Grow Up

I want to be a firewoman when I grow up because it is meaningful and I can help people.

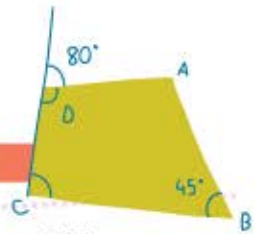

First, if I become a firewoman, I will help people in danger. I also need to put out fires. I will work at the fire station. When there is danger, we firewomen will go to the scene of a fire or an accident to carry people down to safety.

Firewomen need to be brave so that they can help people in fires. Moreover, they need to be strong and stay fit. They can carry people down to safety.

Now, I have to do more sports to keep fit. I need to join more activities and learn to be brave. I hope I will be a firewoman one day.

### The Angry Teacher

Yesterday, Peter and Mary went to the learning centre at three o'clock in the afternoon. They were having a maths lesson. While everyone was concentrating on the lesson, Mary and Peter quarrelled suddenly. The teacher was very angry. He shouted, 'Stop it!' But they did not listen to the teacher's instructions. Mary used a ruler to hit Peter's head. The other students felt scared. The teacher punished them to stand next to the door of the learning centre.

### A Charity Walk

Last week, Miss Tsang told us about a charity walk in the English lesson. "There will be a charity walk next Saturday. Who would like to join?" she asked. I volunteered to join the event because I want to help the poor children in China.

Soon, it was the day of the charity walk. It was a hot, sunny day. My classmates and I started to walk from the park. We were all very excited. We kept chatting while we walked.

After a while, I felt very hot so I drank some water. However, when I picked up my bottle, I found that there was not enough water. I was very thirsty and dizzy at that time. Luckily, I saw a convenience store nearby so I bought a bottle of water there. Finally, my friends and I completed the charity walk. I felt satisfied.

**School Fun Day**

Last week, the school held a Fun Day. There were a lot of game booths in the hall. The one I like most is 'Touch and Guess'. During the game, Kitty, Jason and Ben needed to touch something in the glass box and guess what they were touching. There was a flag on top of the glass box so that the audience could see the things inside the box but the competitors couldn't see and didn't know what the things were inside. They felt excited.

Kitty was the first one to play the game. She touched the thing inside. It was soft and fluffy. She said, 'It is a teddy bear?' 'You are right! Congratulations! You win the game. You can have one teddy bear!' the teacher said. Kitty said, 'Hurray!' They were happy. The audience clapped their hands and cheered.

Jason was the second one to play the game. He touched the thing inside. It was hard and he felt pain, so he shouted, 'Ouch! Is it a pineapple?' 'You are right! Congratulations! You win the game. You can have a very sweet pineapple,' the teacher said. The audience laughed because it was funny.

Ben was the last one to play the game. He was very excited. He put his hand into the glass box. 'I feel something fluffy,' he thought. 'The thing is soft and fluffy. Is that a real dog?' 'You are wrong. Keep trying. You can do it!' the teacher said.

Finally, he knew what the thing was. He said, 'Is that a toy dog?' 'You are right. Congratulations! You win the game. You can have one real dog,' the teacher said. 'Hurray!' he said. They were happy. They all had a wonderful and fruitful Fun Day at school last week.

**Mr Sean**

This year, P1-P4 attended the Movie Time activity in January. P1 watched Wibbly Pig and learned about what plants need to grow big and strong. P2 watched Charlie and Lola and learned about thunderstorms and how to overcome the things that scare them. P3 watched The Very Hungry Caterpillar. We learned how a caterpillar becomes a butterfly! P4 watched Charlie and Lola: I'm far too extremely busy. The video teaches us how important it is to play together and teach each other with respect.

We all had a great time and it was a great opportunity to use English in a fun way!
